# ACCURATE

Accurate has been designing and manufacturing superior quality heavy equipment attachments and machine guarding since 1994. Our large product line, experienced staff and speed of service are unsurpassed!

Over these years we have developed business partnerships and manufacturing methods to suit your needs with a "can do" approach.

## OUR SPECIALITIES INCLUDE:

Excavator Attachments, Guarding and Full Installations

Wheel Loader Attachments, Guarding and Full Installations

Rock Truck Attachments Guarding and Full Installations

Machine (Structure) and Attachment Repair

Custom Engineering and Design

## MANUFACTURING FACILITY

The Accurate journey began over two decades ago in a small backyard shop. Over these years we have expanded and developed manufacturing methods to suit your needs with a "can do" approach. Our facility has grown into a 23,000 plus square foot plant. Our on site Engineering department is an integral part of our team, constantly striving to ensure that the latest innovations in design are implemented. Our products reflect the most up-to-date uses of technology that marry design engineering to manufacturing.

## Major Plant Equipment Includes:

6 Bridge Cranes

11 Jib Cranes

440 Ton 16' Press Brake

10' X ¾" Capacity Plate Rolls

1 CNC Plasma & Flame Steel Cutting Table

1 CNC Milling Machine

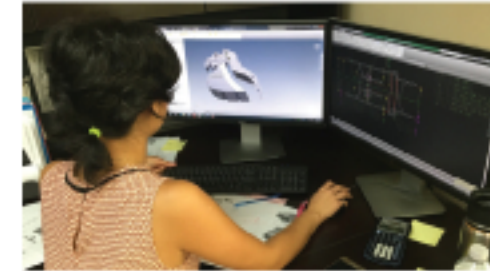

1 CNC Lathe

2 Radial Drills

2 Manual Milling Machines

1 Horizontal Boring Mill

6 Late Model Forklifts

## OUR APPROACH:

We offer a professional and courteous "can do" approach to supporting a long term working relationship with our customers. Our initiative in partnering with the dealer network is to maintain long term relationships rooted in industry expertise and quality assurance. We ensure the customer's needs are met from the technical sales process through ongoing customer care of vital parts and service to alleviate costly machine downtime.

Since 1994 Accurate has been manufacturing a wide range of attachments and guarding for heavy equipment used in the oil & gas, construction, forestry, mining and material handling industries. Our products are mainly sold through dealers of major brands such as: Cat, Volvo, Link Belt, Hitachi, John Deere, Komatsu & others. We are a valuable resource for our customers & have stood the test of time offering top quality service and support for over 2 decades.
